

Problems in Philosophy: Does Christianity have the answers?

Martin Ward

martin@gkc.org.uk

The Free Offer

Jn 16:13 When the Spirit of truth comes, he will guide you into all the truth

James 1:5 If any of you is lacking in wisdom, ask God, who gives to all generously and ungrudgingly, and it will be given you.

Col 2:2–3 In Christ are hidden all the treasures of wisdom and knowledge

The Free Offer

Jn 16:13 When the Spirit of truth comes, he will guide you into all the truth

James 1:5 If any of you is lacking in wisdom, ask God, who gives to all generously and ungrudgingly, and it will be given you.

Col 2:2–3 In Christ are hidden all the treasures of wisdom and knowledge

A professional academic philosopher said recently:

These questions would be much easier if we took the traditional Christian viewpoint

Quote

For every complex problem there is an answer that is clear, simple, and wrong.

What makes a good solution?

What makes a good solution?

1. Internally consistent

What makes a good solution?

1. Internally consistent
2. “Fits in” all the relevant data

What makes a good solution?

1. Internally consistent
2. “Fits in” all the relevant data
3. A really good solution also solves other problems

The Mind/Body Problem

- Mind: a thing which thinks, i.e. doubts, understands, affirms, denies, wants, refuses, imagines and senses. The mind is indivisible, single (with no parts) and complete.

The Mind/Body Problem

- Mind: a thing which thinks, i.e. doubts, understands, affirms, denies, wants, refuses, imagines and senses. The mind is indivisible, single (with no parts) and complete.
- Body: has size, shape, position, motion and does not think.

The Mind/Body Problem

- Mind: a thing which thinks, i.e. doubts, understands, affirms, denies, wants, refuses, imagines and senses. The mind is indivisible, single (with no parts) and complete.
- Body: has size, shape, position, motion and does not think.
- Mind and body are therefore two very different kinds of thing.

The Mind/Body Problem

- Mind: a thing which thinks, i.e. doubts, understands, affirms, denies, wants, refuses, imagines and senses. The mind is indivisible, single (with no parts) and complete.
- Body: has size, shape, position, motion and does not think.
- Mind and body are therefore two very different kinds of thing.
- But they are related somehow: using my mind I can move my body, my body can produce ideas in my mind (via the senses).

The Mind/Body Problem

- Mind: a thing which thinks, i.e. doubts, understands, affirms, denies, wants, refuses, imagines and senses. The mind is indivisible, single (with no parts) and complete.
- Body: has size, shape, position, motion and does not think.
- Mind and body are therefore two very different kinds of thing.
- But they are related somehow: using my mind I can move my body, my body can produce ideas in my mind (via the senses).
- How are they related?

Materialism

Materialism: there is no mind, only bodies. Mind is an illusion.
The world consists of “atoms in motion” and nothing else.

Materialism

Materialism: there is no mind, only bodies. Mind is an illusion. The world consists of “atoms in motion” and nothing else.

- Materialism is inconsistent, or “self-defeating” in several ways. J. B. S. Haldane: *If my mental processes are determined wholly by the motions of atoms in my brain, I have no reason to suppose that my beliefs are true. . . and hence I have no reason for supposing my brain to be composed of atoms*

Materialism

Materialism: there is no mind, only bodies. Mind is an illusion. The world consists of “atoms in motion” and nothing else.

- Materialism is inconsistent, or “self-defeating” in several ways. J. B. S. Haldane: *If my mental processes are determined wholly by the motions of atoms in my brain, I have no reason to suppose that my beliefs are true. . . and hence I have no reason for supposing my brain to be composed of atoms*
- Materialism does not fit in the relevant data: it cannot account for Descartes’ proof that he exists and is a “thing that thinks”

Materialism

Materialism: there is no mind, only bodies. Mind is an illusion. The world consists of “atoms in motion” and nothing else.

- Materialism is inconsistent, or “self-defeating” in several ways. J. B. S. Haldane: *If my mental processes are determined wholly by the motions of atoms in my brain, I have no reason to suppose that my beliefs are true. . . and hence I have no reason for supposing my brain to be composed of atoms*
- Materialism does not fit in the relevant data: it cannot account for Descartes’ proof that he exists and is a “thing that thinks”
- If my mind is an illusion: who is being fooled by this illusion?

Idealism

Idealism: there is no body. Bodies are an illusion. Examples include Buddhism (Maya), Zeno's philosophy and Berkeleyan Idealism.

Idealism

Idealism: there is no body. Bodies are an illusion. Examples include Buddhism (Maya), Zeno's philosophy and Berkeleyan Idealism.

- Doctor Johnson's refutation of Idealism, as reported by Boswell:

I never shall forget the alacrity with which Johnson answered, striking his foot with mighty force against a large stone, till he rebounded from it — "I refute it thus."

Johnson is making a serious point: information from our senses is raw data that has to be accounted for.

Idealism

Idealism: there is no body. Bodies are an illusion. Examples include Buddhism (Maya), Zeno's philosophy and Berkeleyan Idealism.

- Doctor Johnson's refutation of Idealism, as reported by Boswell:

I never shall forget the alacrity with which Johnson answered, striking his foot with mighty force against a large stone, till he rebounded from it — "I refute it thus."

Johnson is making a serious point: information from our senses is raw data that has to be accounted for.

- Descartes' proof of the reality of the physical world: because God exists and God is not a deceiver, we can trust the data from our senses

Defeatism

Its a mystery! We will never be able to solve the problem, so don't even try.

Defeatism

Its a mystery! We will never be able to solve the problem, so don't even try.

1 Cor 13:12 For now we see in a mirror, dimly, but then we will see face to face. Now I know only in part; then I will know fully, even as I have been fully known.

Defeatism

Its a mystery! We will never be able to solve the problem, so don't even try.

1 Cor 13:12 For now we see in a mirror, dimly, but then we will see face to face. Now I know only in part; then I will know fully, even as I have been fully known.

It is presumption to say that we will *never* understand something — even in this life

Realism

- Realism: minds and bodies are both real.

Realism

- Realism: minds and bodies are both real.
- God, who is Spirit and not a physical body, created the physical world. God also interacts with the physical world.

Realism

- Realism: minds and bodies are both real.
- God, who is Spirit and not a physical body, created the physical world. God also interacts with the physical world.
- Therefore minds *can* interact with bodies.

Realism

- Realism: minds and bodies are both real.
- God, who is Spirit and not a physical body, created the physical world. God also interacts with the physical world.
- Therefore minds *can* interact with bodies.
- Descartes: There is a union of mind and body on which depends the mind's power to move the body, and the body's power to act on the mind and cause sensations.

Realism

- Realism: minds and bodies are both real.
- God, who is Spirit and not a physical body, created the physical world. God also interacts with the physical world.
- Therefore minds *can* interact with bodies.
- Descartes: There is a union of mind and body on which depends the mind's power to move the body, and the body's power to act on the mind and cause sensations.
- Mind and body are parts that constitute one whole human being.

Mind and Body in the Bible

1 Cor 15:42-44 So it is with the resurrection of the dead. What is sown is perishable, what is raised is imperishable. It is sown in dishonour, it is raised in glory. It is sown in weakness, it is raised in power. It is sown a physical body, it is raised a spiritual body. If there is a physical body, there is also a spiritual body.

2 Cor 5:1-5 For we know that if the earthly tent we live in is destroyed, we have a building from God, a house not made with hands, eternal in the heavens. For in this tent we groan, longing to be clothed with our heavenly dwelling if indeed, when we have taken it off we will not be found naked. For while we are still in this tent, we groan under our burden, because we wish not to be unclothed but to be further clothed, so that what is mortal may be swallowed up by life. He who has prepared us for this very thing is God, who has given us the Spirit as a guarantee.

Determinism, Sovereignty and Free Will

Determinism: everything is determined by the Laws of Nature

Sovereignty: everything is determined by the Will of God

Free Will: we have the ability to choose between different actions and so affect the course of nature.

Determinism

1. The universe consists of atoms in motion: given the position and velocity of each atom at one time, the state at any later time is predetermined.

Determinism

1. The universe consists of atoms in motion: given the position and velocity of each atom at one time, the state at any later time is predetermined.
2. Therefore, we cannot affect future events

Determinism

1. The universe consists of atoms in motion: given the position and velocity of each atom at one time, the state at any later time is predetermined.
2. Therefore, we cannot affect future events
3. Therefore we have no free will

Determinism

1. The universe consists of atoms in motion: given the position and velocity of each atom at one time, the state at any later time is predetermined.
2. Therefore, we cannot affect future events
3. Therefore we have no free will

Problems:

Determinism

1. The universe consists of atoms in motion: given the position and velocity of each atom at one time, the state at any later time is predetermined.
2. Therefore, we cannot affect future events
3. Therefore we have no free will

Problems:

1. Chaos theory and Heisenberg Uncertainty — we cannot measure everything even in principle

Determinism

1. The universe consists of atoms in motion: given the position and velocity of each atom at one time, the state at any later time is predetermined.
2. Therefore, we cannot affect future events
3. Therefore we have no free will

Problems:

1. Chaos theory and Heisenberg Uncertainty — we cannot measure everything even in principle
2. Quantum theory — prediction is not possible even in principle

Determinism

1. The universe consists of atoms in motion: given the position and velocity of each atom at one time, the state at any later time is predetermined.
2. Therefore, we cannot affect future events
3. Therefore we have no free will

Problems:

1. Chaos theory and Heisenberg Uncertainty — we cannot measure everything even in principle
2. Quantum theory — prediction is not possible even in principle
3. This does not account for our experience of free will

Calvinism

Some Calvinists believe so strongly in divine sovereignty that they deny free will

Calvinism

Some Calvinists believe so strongly in divine sovereignty that they deny free will

1. This does not account for our experience of free will

Calvinism

Some Calvinists believe so strongly in divine sovereignty that they deny free will

1. This does not account for our experience of free will
2. How can God claim to be just in judging us for actions over which we have no control? (He is justified, because He created us, but in what sense is this justice?)

Calvinism

Some Calvinists believe so strongly in divine sovereignty that they deny free will

1. This does not account for our experience of free will
2. How can God claim to be just in judging us for actions over which we have no control? (He is justified, because He created us, but in what sense is this justice?)
3. In this view, all evil is *directly* caused by God, not just permitted

Free Will

1. Descartes again: *My will is so perfect and so great that I can't conceive of its becoming even greater and more perfect; it is a striking fact that this is true of my will and not of any other aspect of my nature.*

Free Will

1. Descartes again: *My will is so perfect and so great that I can't conceive of its becoming even greater and more perfect; it is a striking fact that this is true of my will and not of any other aspect of my nature.*
2. Indifference is the *poorest* kind of freedom

Free Will

1. Descartes again: *My will is so perfect and so great that I can't conceive of its becoming even greater and more perfect; it is a striking fact that this is true of my will and not of any other aspect of my nature.*
2. Indifference is the *poorest* kind of freedom
3. Predictability does not contradict freedom

Free Will

1. Descartes again: *My will is so perfect and so great that I can't conceive of its becoming even greater and more perfect; it is a striking fact that this is true of my will and not of any other aspect of my nature.*
2. Indifference is the *poorest* kind of freedom
3. Predictability does not contradict freedom
4. A choice of mine may be *fixed* (there is only one choice that will be taken) while still being a free choice: just as my choices in the past are (now) fixed but (at the time) were free

Free Will

1. Descartes again: *My will is so perfect and so great that I can't conceive of its becoming even greater and more perfect; it is a striking fact that this is true of my will and not of any other aspect of my nature.*
2. Indifference is the *poorest* kind of freedom
3. Predictability does not contradict freedom
4. A choice of mine may be *fixed* (there is only one choice that will be taken) while still being a free choice: just as my choices in the past are (now) fixed but (at the time) were free
5. Therefore: determinism does not contradict free will

God's Love

To love someone is to make them free.

Ps 145:9 The LORD is good to all, and his compassion is over all that he has made.

Luke 2:10 I am bringing you good news of great joy for all the people

1 Tim 2:4 God desires everyone to be saved and to come to the knowledge of the truth

Conclusion

1 John 3:1–2 See what love the Father has given us, that we should be called children of God; and that is what we are. Beloved, we are God's children now; what we will be has not yet been revealed. What we do know is this: when he is revealed, we will be like him, for we will see him as he is.
